Frequently Asked Questions on Food Trucks

Locations:

• The City of Meriden does not have a map where Food Truck parking is allowed.

• Food Trucks must park in the public right-of-way where parking is legally allowed.

• Parking is not allowed at the City parks or near fire stations.

Food Service Application

All Food Truck operators/vendors must apply for a Food Service License and complete a Food Service Application with the Meriden Health Department. The Zoning Officer must sign off on the Food Service Application and keep a copy of this on file in the Planning Office. (See the Health Department's "Itinerant Vendor License Procedures" for other requirements.)

The vendor must also complete the Meriden Police Department's vendor permit process, which includes proof of an insurance bond and a copy of the food service license.

In addition, a Temporary Sales Certificate needs to be filed with the Planning Department.

Helpful contact information:

Meriden Health Department (203) 630-4226 located at 165 Miller Street

Meriden Police Department (203) 630-6201 located at 50 West Main Street

Refer to the Code of the City of Meriden, Chapter 156 "Peddling and Soliciting" and Chapter 112 "Food and Food Service Establishments" and CT Public Health Code, Sec. 19-13B.48 for further information.

"The Meriden Planning Department and the Economic Development Office are here to help support the economic development of the City of Meriden. Stop by our offices if you have any questions."
