

# Harvest Your Rainwater!

A rain barrel is an easy and inexpensive way to harvest the rain and store runoff where it falls, on your property. This water can be used to water gardens and lawns.

## Top 5 Reasons to Harvest Rainwater

- Conserve a natural resource
- Protect our rivers and streams from runoff pollution
- Use rainwater to grow healthy and lush plants
- Supplement your water supply
- Rainwater is a free resource that is easy to use!
